

# “Symbolized” Tree Canopy

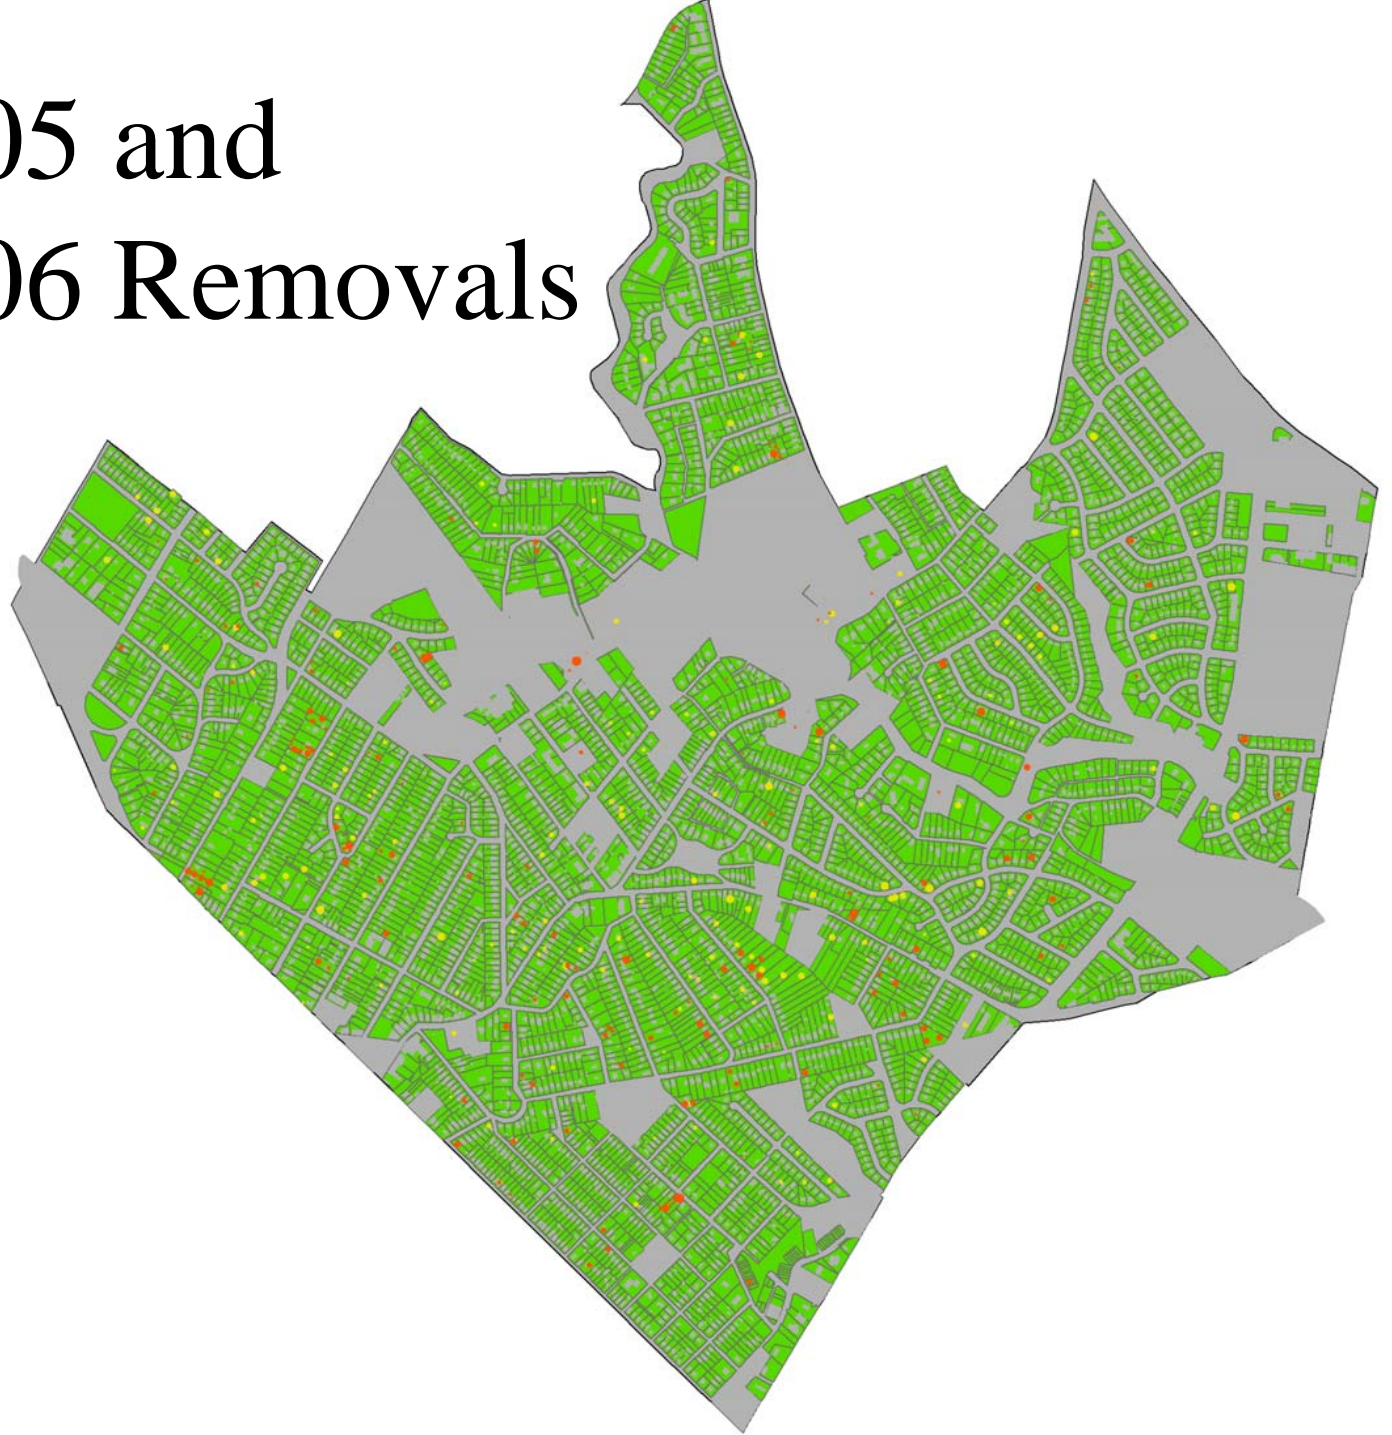

# 209 2005 Removals

This shows 209 trees with an average D.B.H. H. of 20 inches. Trees are displayed as circles with a radius in feet equal to the diameter in inches. I.e. 20 inch d.b.h. = 40 foot canopy.

209 – 2005 and  
191 – 2006 Removals
